

# Prevas

## Quality Policy

With Prevas as a partner, industrial customers obtain a world-class competitive edge. Prevas delivers quality assured solutions and services for increased productivity and innovation pace.

### **Satisfied customers**

We try hard to understand our customers' goals and expectations.

In medical device projects we always put patient safety first.

We try hard to understand our customers' field of operations.

We try hard to improve our knowledge in our field of expertise.

### **Excellence in delivery**

Our quality shall live up to our customers' goals and expectations.

Our deliveries shall be on time.

Our projects shall end up within budget.

### **Operational development**

Continuous improvements of our ways of working.

Comply with applicable regulatory and customer requirements.

Maintain an effective quality management system.

Routines and templates well known and widely used within our company.
